## Observations... From Around Town

(BY JAY WHOZIT)

Yes, folks, this past Monday could easily prove to be the turning point in the fortunes of our fair city, because on Monday we saw the induction into office of a new administration, and with it, we hope, the beginning of a new era of prosperity and advancement for which we now have a crying need. . . our young Mayor and his co-workers in the Commission Council asked for your vote to put them into office, and now that they've been elected they ask just one more favor of you, and that is for your cooperation, without which they cannot hope to succeed, so let's prove ourselves to be real citizens and back every civic enterprise with everything we have. . . with our schools back in regular session again, sports lovers can get their fill of thrills by attending the basketball games and boxing matches, now that football has finally gone over the hill until next fall. . . Arthur "Slick" Morton, who formerly coached football here at St. Stanislaus under the late Brother Peter, has been named head football coach at Mississippi State College, at Starkville, and has many friends here who will be watching his progress with the State Maroons next season. . . although many fans were unable to see the actual playing of the Sugar Bowl game on New Year's Day, they still were able to see their favorite teams in action via television at several radio stores in town, which proved to be quite a novelty as well as entertaining, and also a nice gesture on the part of the owners of the radio shops. . . it won't be long now until the new streamlined Chevrolet for '49 will be on display at the local Gulf Chevrolet company display rooms, be sure to see it. . . the new 81st Congress went into session this week at the nation's Capital, and according to the daily news reports, the Mississippi representatives in Congress were entirely ignored as far as political patronage is concerned, as the White House cracked its political patronage whip over the "States Rights" Mississippians. . . if you have not yet paid your city or county taxes for 1948, remember you have only until February first to pay same without penalty, and also to avoid the last minute rush at the tax-paying offices. . . Governor Fielding Wright, discussing state taxes in Jackson this week, said that although the state taxes have doubled since 1940, climbing from \$48,472,952 in the 1940-42 biennium to \$99,607,461 in the 1946-48 biennium, they have not been burdensome, saying also that expenditures have increased correspondingly with appropriations for health and hospital services; public schools, colleges, and other educational activities; expenses of the Legislature, the judiciary, executive offices, National Guard, public buildings, etc., increasing in proportion from year to year. . . after proving such a success in their appearance here last year, the House of David basketball team will again perform at the Bay High School gymnasium on January 14th, so if you want to see basketball played to perfection and also enjoy a good laugh, be sure to be on hand on January 14th at the Bay High Gym. . . Warren—I realize that you have been Mayor only a couple of days, nevertheless, jot this down in your note book. . . The congregation of the Baptist Church have put forth much effort to build a church and improve their grounds and it is a credit to our City, however the street between the postoffice and the church is a lake when it rains, and the water remains there several days until it is dried up by the sun. . . about six feet of pipe and a manhole will take care of this situation. . . and while we are in this locality more people travel to and from the postoffice than any other place in town. . . try to correct the drainage at the drive entering the Postoffice street from Main St. . . the water puddles on Main Street and when cars come along the ladies and us men folks have our clothes spattered. . . just make a note of these things. . . we know you can't take care of them right away but you will in time. . . and while we are talking of water, when you decide to drive out Spicemore St. across the Railroad and St. Francis between Bookert and Sycamore, and on Railroad Avenue, you had better bring a skiff along. . . Oh, yes while we are asking you to make some notations, don't forget the light at the Highway Bridge and the Beach. . . and too, have your electrician regulate the light at the corner of Main and Second St. it works too confounded fast. . . and too, don't you get mad with me for asking you to make notes of these things.

## Newly Elected Officials City of Bay St. Louis, Assumed Office Monday

**Mayor Warren J. Carver, and Commissioners W. L. Bourgeois and Sylvan J. Ladner, Jr., Sworn in For Four Year Term—Make Appointments—Frank Hobbs, Named Chief Of Police—Cyril Glover, Superintendent of Gas System—M. E. Toulme, Deputy Commissioner of Finance—Miss Louise Armstrong Secretary of Council**

On Monday morning, January 3rd, 1948, at 10 o'clock the newly elected City Administration took office, when Clerk of Courts A. C. Mitchell, administered the oath of office to Mayor Warren J. Carver, and Commissioners W. L. Bourgeois and Sylvan J. Ladner, Jr. Many were on hand to witness the induction of these men into office.

Immediately following the swearing in of the officers and the offering of congratulations, Mayor Carver called the Council to order and a motion was adopted to recess the meeting until Tuesday morning, for the purpose of making the necessary appointments to carry on the transaction of any business. Rt. Rev. Monsignor A. J. Gmelch offered prayer, which practice will be continued at the opening of each meeting.

Mayor Carver is holding his first elective job, and is one of the youngest men to ever hold the position of Mayor of the City of Bay St. Louis. He has had much experience in public office, having served for a number of years as Deputy Clerk of Courts of Hancock County, and as an inspector with the state Accounting Department. He is a veteran of World War II, and served more than two years in the European Theater of Operation. At the conclusion of his service in the Army, he returned and became active as a partner in the firm of Monti-Carver Plumbing Company. He has been active in Legion circles and as Adjutant of the Clement R. Bontemps Post of the American Legion up to the time that he assumed office.

Commissioner W. L. Bourgeois who was re-elected in the election last fall has served as City Commissioner for the past 16 years. Prior to his entry into politics he owned and operated a grocery business for many years in the City of Bay St. Louis. Commissioner Sylvan J. Ladner, Jr., is holding his first political job. His father served the City of Bay St. Louis for a number of years as City Secretary under the Aldermanic Form of Government, and when the change was made to the Commission form he was elected a commissioner which position he held for four years. Commissioner Ladner was an unsuccessful candidate four years ago and in the election last summer he was nominated in the first primary over five other candidates. He has been employed by the Louisville and Nashville Railroad for several years as a clerk operator. Both he and Mayor Carver are graduates of St. Stanislaus.

The three City officials are members of families who have lived in

Bay St. Louis for several generations. On Tuesday morning the Commission Council met for the purpose of making their appointments and the following were named: Police Department—Chief, Frank Hobbs; Patrolmen Alcine Saucier, Roland Cuevas and Paul Egloff. Street Crew—Grader Man, Philip Adams; Truck Driver, Rene Bernond; Laborers, Alphonse Adams and Philip Webb. Fire Department—Arthur Garcia, Willie Green and Raymond Bourgeois. Sexton Cedar Rest Cemetery—Julius Schwall. Waterworks Maintenance—Albert Monti, Foreman, Peter Sick helper. Gas Division—Cyril Glover, superintendent, Joseph Taconi and William C. Sick, Jr., helpers. Janitor City Hall, Anthony Perre. Secretary of the Commission Council, Miss Louise Armstrong. Deputy Finance Commissioner, Millard E. Toulme.

There was no appointment made of City Attorney, and action thereon was postponed until such time as it was deemed necessary to have an attorney.

The council postponed the designation of the duties of the members of the Council until the February meeting, and adjourned their meeting.

## OUR TOWN

by  
MAYOR WARREN CARVER

A promise was made during last summer's campaign that if elected to the office of Mayor, I would endeavor to keep the public as well informed as possible on municipal affairs. To that end this column will be published weekly in the Sea Coast Echo. Suggestions from readers will be greatly appreciated.

In addition to ordinary business it is thought that general information concerning the laws governing the operation of our municipality should also be of interest. Many of us are very ill-informed on this one particular point. We have no reason, of course, to study or acquaint ourselves with these laws. We are even ignorant of our local ordinances except those which we occasionally violate and then we learn the unpleasant way.

A better informed citizenry will also be more lenient in its judgment of those in public office. Every public official has his problems and even though he may rack his brain in search of a fair, just and intelligent solution of these problems he is bound to bring down upon himself the criticism and ridicule of a certain percentage of the people. As a town grows larger, so also do the problems of those who govern it.

What are some of the services which the urban dweller demands? First: He expects to find in his home at all times an abundant supply of pure clean water.

Secondly: He wants his streets properly lighted.

Third: The removal of all waste he expects as a safeguard against the outbreak of disease.

Fourth: He wants decent police protection.

Fifth: He expects some form of a satisfactory fire protection.

Sixth: His street system should be hard-surfaced and those not hard surfaced should be kept in good condition.

Seventh: He should have an excellent system of public education for the preservation and advancement of our way of life.

Eighth: The urban dweller wants a public health department to guard against violations of public health laws which may lead to the spread of disease.

The immediate problems of our town are great, but they are not beyond hope of solution.

## AN OPPORTUNITY FOR SERVICE

We want to join with the many others in Bay St. Louis and extend to our Mayor and Commissioners our congratulations and good wishes. We hope for them a successful administration, and in order to have this, they must have the cooperation of the people they represent.

They too, in order to have a successful administration must work in harmony, and afford to the people the type of leadership commensurate to their respective offices.

These men have an opportunity to render a public service to the people of the City of Bay St. Louis. Time only will tell whether they measure up and are equal to the task. Mayor Carver is a young man, untiring in his efforts, who has had many years of experience in public office. His heart at this time is filled with a desire to serve his people; build his City and help develop our young people for leadership. In this thought he is joined by his colleagues.

Political leadership is not an easy task. It takes courage to back up your convictions when one is in public office. The demands are far greater and the influences brought to bear far stronger than in every day business life.

The thoughts of some, seeking to bring their influence to bear, are that every man in public office has a price. The temptation to secure for one's self the better things of life and perhaps a little financial cushion is off time great; nevertheless one should bear in mind that once a public officer accepts a penny of graft or bribery he becomes fully subservient to the wishes and dictates of the party or parties from whom he receives the money, and he destroys his usefulness as a public officer.

Of course we suspect that much of this has happened in our very midst, and perhaps the men who exercised such poor judgment in bringing their influences to bear through this manner will some day realize the error of their way and will make amends and join with others to help build our City, our County, and our youth for leadership away from the influences of corruption and graft.

Our young Mayor has a real opportunity for service if he will lend his influence and his office to stay the operations of the causes of this evil influence and in doing so he will build his City into a better and safer place to live; aid in the development of youth for good citizenship and as sound leaders, and his efforts in this behalf which he cherishes so highly will become a realization.

## P. M. A. NEWS

Farmers are reminded that the closing date for reporting performance on practices carried out in 1948 is January 15, 1949.

There are a number of farmers who have received prior approvals for superphosphate, basic slag and terraces and have not made their performance reports. This report can be made by calling at the P.M.A. office or by returning the prior approval form to this office with the lower half filled out and signed.

All farmers who have received prior approvals for practices under the 1948 program and have not made their performance report are urged to do so by January 15, 1949, because after that date the Government payment has to be cancelled unless the report is in.

Performance reports on winter legumes and permanent pasture grasses seeded last fall are not due until spring, after condition of stand and growth can be determined.

Mrs. Frank Smith spent Christmas week in Poplarville where she visited her son-in-law and his wife and her nieces.

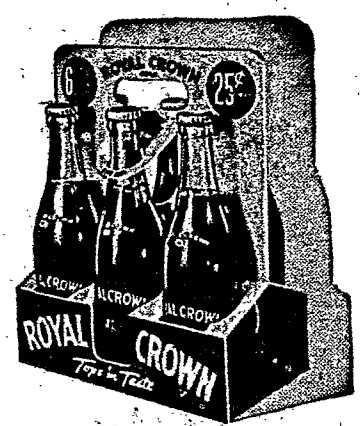

Mrs. A. J. Noto president, Central School P.-T. A. announces that the December meeting will be held on Tuesday, January 11 at 3:45 p. m. in the music room at Bay High.

### LEFLORE COUNTY WINS MERIT PLAQUE FOR 4-H BETTER METHODS

Leflore County has been selected by the State Extension office as reporting the most outstanding 4-H Better Methods Electric program of 1948 in Mississippi. In recognition of this achievement, the County Extension office receives a Westinghouse Educational Foundation plaque of merit, appropriately inscribed. Purpose of the awards program, it was announced, is to encourage 4-H youths to simplify farm and home tasks.

Typical jobs analyzed were washing, ironing and churning, according to Katie Mae Dear, Home Demonstration Agent. Electric irons and washing machines proved to be time and energy savers, she reported, and special attention was given to proper working heights and arrangement of equipment. Demonstrations at club meetings and for individual families proved most effective in developing the Better Methods program, she declared.

### LESPEDEZA IN OATS PROFITABLE FOR SUMMER GRAZING

Test at Black Belt Branch  
Experiment Station Shows  
Value Of Lespedeza Sown  
In Winter Oats

STATE COLLEGE, MISS.—With winter grazing programs well under way, livestock owners in Mississippi will soon begin planning for summer pastures. Lespedeza sown in oats in February provided excellent summer grazing for steers in a test conducted at the Black Belt Branch Experiment Station at Brooksville last summer. Louis Walton, superintendent of the branch station, reports: The lespedeza cost \$2.95 per acre for seed and labor. Harvested as beef in August the income was \$14.55 per acre with enough lespedeza left in the field to be decided advantage when turned under before planting another crop of winter oats.

Twenty-one steers, brought through the winter in an oat-grazing test, began grazing the lespedeza June 14. They stayed on the 39.2 acre plot until August 9, a 56 day period which included some extremely dry weather. Throughout this summer period the 21 animals gained 2140 pounds, for an average daily of 1.69 pounds per steer. They were sold August 9 for 27.6 cents per pound.

Unfavorable weather interfered with the oat grazing experiments which preceded the lespedeza tests. Wet weather early in the season made the fields boggy and dry weather retarded growth later.

Despite these difficulties the entire test proved profitable. The steers were bought in the fall for an average of \$90 each. They sold in August for an average of \$219.08 each. While the steers gained an average of 294 pounds each, much of the increase in value was due to the rise in market prices. They were bought at 18 cents per pound and sold at 26.7 cents.

ORTTE THEATRE  
SUNDAY - MONDAY  
JANUARY 9-10  
"THE BISHOP'S WIFE"

With Cary Grant, Loretta  
Young, David Niven

Dealing with the changes an engaging guest makes in a disturbed home, Samuel Goldwyn's new RKO Radio release, "The Bishop's Wife," Co-stars Cary Grant, Loretta Young and David Niven in one of the year's most unique and gayest offerings.

Miss Young has the title-role of the Wife. Niven plays the Bishop, a man so harassed by the financial

troubles of his office that he has no time for his old friends nor for family. Realizing he is in a spot, he prays for divine aid. The prayer is promptly answered by the appearance of Grant, as Dudley, a modest but miracle-working guest in snappy attire, who proceeds to reorganize the household.

In a matter of days Dudley cures the ecclesiastic's money worries, has restored the Wife's love for him, and has reunited him with his old parishioners—all this over the protest of the Bishop, who resents the interference of his casual visitor in his private affairs. How the guest neatly effects his remarkable reforms is developed in amusing and suspenseful sequences, leading to a delicious climax in which the genial

Clerk of Courts A. C. Mitchell, at left administers the oath of office to Mayor Warren J. Carver, and Commissioners W. L. Bourgeois and Sylvan J. Ladner.

visitor makes his exit in triumph. Monty Woolley, as an elderly friend of the family, is featured, as are Gladys Cooper, Elsa Lanchester and The Mitchell Boychior. Henry Koster directed the film version of Robert Nathan's novel, and Robert E. Sherwood and Leonardo Bercovici wrote the screenplay.

### PETITION FOR PARDON

STATE OF MISSISSIPPI  
COUNTY OF HANCOCK

To His Excellency Fielding L. Wright,  
Governor of the State of Mississippi.

Pardoning Board  
We, the undersigned residents and citizens of Hancock County, Mississippi respectfully petition your Excellency to pardon Floyd Smith, who is now serving a sentence of two years for grand larceny (pleaded guilty). He was sentenced by the Circuit Court of Harrison County, Mississippi in June, 1948 and now confined in Camp 6, at Parchman, Mississippi. Floyd Smith is twenty-nine years old, married, and has four young children.

He was in company with some other young men, who took an automobile, and the leader of the young men was tried, convicted and sentenced to serve a term of five years. This is the first trouble this young man has ever been in, and has been a good moral citizen, and a good husband and father.

This young man's father, Ford Smith, is an old resident of the County, a good farmer and one of our best citizens.

We believe that this young man has been sufficiently punished for his offense and should be pardoned. He realized his wrong, and aided the State in prosecuting the one mainly responsible for the wrong doing. We feel satisfied he will never again participate in any wrong doing.

We respectfully urge his pardon so he may return home and care for his wife and children. We believe justice has been satisfied!

Respectfully submitted,  
LUCIEN M. GEX  
ED. P. ORTTE  
ROBERT GENIN  
PAT RUTHERFORD  
AND OTHERS.

WHEN you see the 1949 Chevrolets, a glance will be enough to tell you they're new—all new—in line and contour, in beauty and style. And when you look inside, and under the hood, and beneath the chassis, you'll see that their newness is not merely in outward appearance, but in design and engineering and construction as well.

But, to a lot of people, the 1949 Chevrolet is already old. They know what it will do, and how exceedingly well it will do—it's known all about its performance, its comfort, its power, safety, durability and

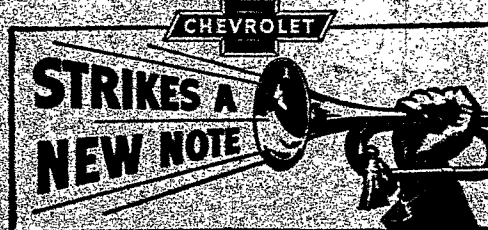

economy. They are the engineers and technicians of the General Motors Proving Ground—the largest, most completely equipped, outdoor testing laboratory in the automobile world.

Here, before a single new 1949 Chevrolet

went into production, experimental models were tested—made to show that they possess, in greater measure than ever, all those qualities on which Chevrolet has built its leadership.

In short, the General Motors Proving Ground tests are your assurance that your new-model Chevrolet has proved its worth through many months and many, many thousands of miles of rough handling.

Soon you will see the new Chevrolet—and when you do, you will see a car not only new, but tried and true.

## By-gone Days

By Uddell Favre

APRIL, MAY, 1897

—Born to Mr. and Mrs. Christian Dorn, Grand Plain, Hancock County, a son, March 27, 1897.

—Mrs. R. Boardman entertained her brothers from New Orleans, Messrs. Ernest, Albert and Louis Leonhard.

—Mr. and Mrs. John A. Green announced the birth of a son.

—The Spicorno mercantile establishment reopened with L. N. C. Spicorno as proprietor.

—Mr. D. B. Favre of Pearlington bought a mercantile establishment in Mississippi City where he was to locate permanently.

—Dr. R. J. Turner was appointed health officer for Hancock County.

—A halo of happiness encircled the Smelter home over the advent of the birth of a son.

—The christening of Anthony Granville Osinach, Jr., took place with Mr. John Osinach and Miss Carrie McNulty as sponsors. The

young Osinach family moved to Mobile.

—In 1897 the County Superintendent of Public Education received a salary of \$25 per month.

—P. Pembroke Davis was known as the Strawberry King in Bay St. Louis and vicinity.

—Mr. Willie Hoffman after an absence of ten years visited his mother, Mrs. C. Hoffman.

—Mrs. James T. Egan left for East Pascagoula to join her husband who left for that point where he was appointed as inspector of customs.

—Mr. and Mrs. W. H. Krankey, of Bayou Caddy were happy over the arrival of a little daughter on April 1, 1897.

—Miss Marie Gaspard was visiting Miss Philo Monti.

—R. Clifton Pieri and family of Pearlington spent a few days at the home of his father.

—Ex-Postmaster Pernas was beginning to circulate a petition for signatures for the job of postmaster again. He and Valina McArthur, were the only applicants at that time.

—A disastrous fire struck Bay St. Louis in the middle of the night around April 24. The fire was first noticed by Mrs. J. A. Mauffray who had been awakened by the alarm from the adjoining department of Mr. Jos. Mauffray in which place from the basement the flames were rushing mad like.

The lack of water was keenly felt, but after a while women and men were laboring in carrying water to put out the flames.

A conservative estimate showed the loss to be not less than \$35,000 and not over \$40,000. The following losses were suffered:

L. A. De Montluzin's residence, damaged about \$300.

Postoffice building, owned by L. A. De Montluzin, valued at \$800.

Mr. L. Chambon, barber shop, loss \$300, no insurance.

Carabaldi estate building, \$1500, total loss, no insurance.

L. N. C. Spicorno, merchant stock valued \$1500; no insurance. All the contents of the safe were lost.

George Muller, meat market, valued at \$300; no insurance.

R. J. Guerra, barber shop, valued at \$150; no insurance.

J. A. and J. O. Mauffray, stock valued at about \$3,000, insured.

J. L. Henderson's law office and abstracts. Loss of office belongings amounted to about \$500.

The building occupied by the custom house and owned by I Pollatsek was valued at \$1000, and it was said to be insured.

The drug store owned and occupied by L. A. De Montluzin, stock and building, valued at \$3,000; insured for \$750.

The Crescent Hotel suffered to the extent of \$1000; no insurance.

I. Pollatsek's summer residence, valued at about \$1500; total loss.

E. E. Saucier lost six buildings, valued at \$5000; no insurance.

G. A. Levy, dry goods store, stock valued at about \$5500; insured for \$2750.

F. Taconi's residence, store and stock were valued at about \$8000; insured for \$4000.

Postmaster Saucier saved all the government's valuables, letters and papers.

—During the tragedy it was said that Miss Corinne de Montluzin was one of the bravest and most courageous girls of the town. She helped move more furniture and carried more water at one time than any two persons; and she worked at the hand engine till she fell exhausted.

Mrs. R. J. Turner was another heroine of the fire tragedy. She pulled, with little or no assistance, the fire engine from its house to the scene of the fire immediately after the alarm was sounded.

A dramatic and musical entertainment was given at the college hall, for the benefit of the fire sufferers.

—Born to Mr. and Mrs. George Miller, a daughter, Thursday, April 29, 1897.

—In the May issue of the Echo a letter from an observer appeared;

this letter was in regard to the fire that had occurred the week before. I wish to quote parts of this observer's opinion:

"There is no doubt that the store of Mr. Mauffray, where the fire started, was set afire. The incendiary was seen, but could not be recognized nor apprehended. Two individuals are suspected, and if found out they had better make their peace with God, for their time on earth would be short. The occupants of the above named store barely escaped with their lives, the fire having been started from beneath the house. There is a rope that hangs on the outside of the Catholic Church, attached to a bell to be used in giving alarm in case of fire. A curious thing connected with this fire was that the bell would not ring at that time, and much time was lost in giving the alarm. The rope had never refused to work before."

—Mr. Alfred de Montluzin arrived in Bay St. Louis from New Orleans where he resigned his position. He came here to assist his father.

—The burnt business district was being rebuilt rapidly.

—On May 15, August Quintini was presented with a gold medal in recognition of his bravery and valor at the fire.

—The medal was donated by L. A. de Montluzin. The presentation committee was composed of Mrs. Annie Avery, F. J. Ladner, E. H. Hoffman, L. H. von Gohren, P. Ramond, Richard Mendes, A. R. Hart and C. G. Moreau.

—Miss May Edwards, intelligent and ambitious, has accepted a call to the Poplarville High School to occupy a chair for the 1897-98 session.

—The colored Baptists were raising funds for a new church.

—Rev. Father Alphonse returned from Europe in the last week of May, 1897.

—Died on Thursday, May 27th, from croup, Mary Margaret, only child of R. Joseph Druhan and Rose P. Tudury, aged 10 months and 27 days.

—The marriage of Mr. James B. Ulman and Miss Allie Taft was announced. The ceremony was to take place the 5th of June at the home of the bride-elect.

COMMISSIONER AND MRS. SYLVAN J. LADNER JR. AND THEIR BABY MARY TONI.

## MAYOR AND HIS MOTHER

With her face wreathed in smiles and with eyes dimmed with a tear, Mrs. Andrew Carver was present on Monday morning at the ceremony held at the City Hall, when her son Warren J. Carver, assumed the office of Mayor of the City of Bay St. Louis. It was not necessary to ask her if she was happy on this occasion, she truly exemplified the devoted mother that she has been. Above she is shown with her boy on the steps of the City Hall.
